When was the last time you remember a blizzard on the first day of spring? Thankfully it was surrounded by more spring-like weather so this one didn't hang around like the last couple of them did.

This week, several activities will be keeping us busy. The residents have been making bracelets and key chains to use as prizes for our own Bingo days and preparing for when Areawide Bingo players will gather here in a few months.

Also in the works are some door ornaments for this Easter season and in cooking class we'll be decorating cupcakes again. Last week we decorated these sweet treats for St. Patrick's Day and enjoyed it so much we're going to fix up another batch, decorating them for Easter this time.

We'll be celebrating those with birthdays in March on Thursday this week. On Friday, we'll be swapping stories and hearing some new ones during Story Time with Margie.

Last week's Reminiscing time was all about Toys in the Attic. We shared about the dolls and other favorite toys from our childhoods.

It was a busy Bingo week, with lots of prizes awarded, but Judith Winn came out on top, though Margaret Frank was just behind her, and Florence Smith and Rosa Skelly almost catching them.

If we don't get any more surprise snow storms, you'll be seeing more and more of us out front enjoying the spring and the sunshine. Wave as you go by or stop and say hello! See you soon.
