It's been great to see things blooming and getting greener out in the yard, and the residents have been able to go out and enjoy the sunshine during those times when the wind hasn't been blowing like mad.

We have a good size group of folks gathering for a crafts class on Thursdays lately. They made and decorated quite a few hand held cardboard fans that turned out beautifully and are coming in handy for cooling faces and shading eyes from the bright sun. It's amazing the variety of ideas that different people came up with to make these fancy little art works.

Twenty five Bingo players had fun times together throughout last week. Margaret Frank was the clear winner for the week again with nine different people each getting a single Black Out prize.

The Hat Parade was lots of fun last week, sprucing up and showing off a wide variety of head wear. Some brought back memories, some brought oohs and aaahs, some just brought a good laugh.

This week our Relay for Life Team will be fundraising with a Mexican Lunch on Friday. See our ad here in the Beacon and give us a call. We'll deliver your lunches right to you or you can stop by here and pick them up. We appreciate your support for this great cause!

Hope you're all enjoying this weather and you're having as much fun as Al is getting out in the yard to plant things and dress them up. See you soon.
