

# Cordell Christian Home's Resident's Digest

by Bonnie Kliewer

May is about to blow out and bring in June. Some days it seemed like it would blow us away, glad we avoided the worst of the weather that was hitting some other areas.

This week we will celebrate our residents and staff that have had birthdays in May. All of our residents and employees are special people and this gives us a chance to express our appreciation to them and hopefully make them *feel* special too.

In Bingo play last week, many of the 24 players had a large number of Bingos, but Margaret Frank was the overall leader. Judy Winn, Bernice Reeve, Leona Maupin, Maria Medrano, Florence Smith, Nannie Hines, Betty Arter and Margaret Frank were the blackout prize winners for the week, with one a piece.

Our Relay for Life team was excited to win the Top Fundraising Team award at the Relay last Friday night! We could not have accomplished that without the support of our residents and staff and the larger community.

The Relay is a great cause; cancer seems to affect us all in some personal way through family or friends. Our efforts bring about many good things and someday it will have supported the ultimate good thing – a cure!

The committee did a good job of organizing the Relay, and we were happy to be a part of it. Anyone who wasn't involved this year, hopefully we'll see you there next year!

And from all of us at 1400 North College Street – see you soon.
