

# *Cordell Christian Home's* **R**esident's Digest

Greetings to all from the residents and staff of Cordell Christian Home! Hard to believe summer break is more than half over for the school children. The weather these days reminds us that we're definitely in the middle of an Oklahoma summer though.

We are busy as usual every day at the north end of College Street. The 'Visiting with Margie' group on Friday afternoon looked back at their ancestries and when they came to America, where they came from and where they settled.

Saturday brought some group word games and looking and laughing at some strange laws on the books in both the past and present.

Last week's Bingo play included 23 residents and lots of winners. Judith Winn took over the 'most bingos' spot this week, she was also on the blackout prize winners list along with Rosa Skelley, Norma Moler, Bertha Richmond and W.T. Bryan.

The Treasure Trove, a shopping center for all those bingo winners, was hopping on Thursday afternoon with the bargains flying off the tables. This store is going to be open once a month for everyone's shopping fun, and there were a great variety of "treasures" to be found there on Thursday.

This week Thursday about 5 or 6 residents will be traveling to Grace Living Center in Clinton for the July Area Wide Bingo Meet.

Hope everyone is being cautious on these hot, hot days. Remember to drink plenty of water, wear a hat and don't over-do it out in the sun. Be sure to check on your neighbor, too, especially if they are elderly or they live alone.

Beat the heat – spend a few air conditioned hours with us visiting over a glass of tea or some other past time. See you soon.
